

Date

Dear Parents and Carers,

We are writing to inform you that the school nurse, **xxxxxxx**, will be coming to school on **xxxxxxx** to deliver our Year 5 and Year 6 PSHE/Science topic of puberty and reproduction.

During the session, the children will be watching the Channel 4 video 'All About Us: Living and Growing Unit 2,' which covers issues including life cycles, puberty, friendships and sexual relationships, pregnancy and birth.

There will be a single gender session at the end of the afternoon to address any questions the children may not be comfortable discussing in mixed gender classes.

We are well aware that this subject can be sensitive and we ensure that the content is discussed in a safe and non-judgemental setting.

Parents can withdraw their children from all or part of sex education that does not form part of the statutory National Curriculum. If you wish to withdraw your child from all or part of the school's sex education programme would you please notify your child's class teacher by **xxxxxxx**.

If you have any questions or would like to view the material that supports the unit before it is delivered, please contact the school office in the first instance.

Yours faithfully

xxxxxxx
