

Friday 6th November

Dear Parents and Carers,

We are the new school council and we are writing to explain a great idea we have for our school. As one of our core values is Friendship, we have a great idea for promoting good friendship on our playground which also uses stars!

We would like to buy a special friendship bench for our school which will be used for friends to sit on together and show what good friendship is all about. Importantly it would also be somewhere for people to go if they need to find a friend. We have looked at lots of benches and found the perfect one which has stars on it! Here is a picture of what the bench would look like except we have chosen it with yellow stars.

This bench will cost £300 to buy, as it is made of quality materials that will last for a very long time and be outside in all weather. We have decided as a team that the bench would be located in between the two playgrounds by Class 1's outdoor area and the scooter/ bike rack. Our reason for this is because it is an area that is easily seen by all so that nobody is left on their own. When it arrives we will make sure that it is used fairly and makes a real difference to our playground.

We are wondering if you can help us to raise the money to pay for the bench. We are organising a dress down day on Thursday 17th December where children can pay £1 to wear their own clothes and maybe a Christmas jumper/ hat. It is also the day of AK's Got Talent Christmas special so the outfits will make the day even more special. We hope you can help us. We may try to organise a cake sale to raise the extra funds nearer the time.

We are so excited about this, we hope you can help us!

Kind regards,

Eric
