This time, the main article is Keep Safe over Summer. To keep safe over the summer, read on!

Sun Burn- A sun burn is an annoying burn on your skin. Symptoms of a sunburn are rather noticeable and most likely your parents will know when you've got a sunburn so if you are worried, talk to them. To prevent it, wear sun cream when in the sun and put it on again after you've been swimming...

Over heating- When you go abroad to another country or even hot places in the UK, everyone overheats once. When this happens, the best thing to do is drink cold water. If you feel that you don't feel right, talk to your parents. The best way of preventing it is to keep drinking small quantities of fluid regularly...

Overall, try and keep safe over the summer, try to keep fluid levels in your body high, be sensible with how much you can do.

FRUIT OF THE MONTH

STRAWBERRIES

Strawberries are a highly vitamin filled fruit that many people relish the taste. To show how much people like Strawberries, Scarlett went and asked how many people and teachers like strawberries. The results are ... 26 like them, 6 don't. If I was asked, I would of said yes! When you eat a strawberry, you shouldn't eat the leaves . Although they aren't poisonous, they taste bitter , really bitter... Strawberries are a great fruit which should be eaten by all.
