Sport of the month

The sport of the month is rugby just because of the rugby world cup. If you like rugby maybe you could try and earn yourself a blue peter badge while having lots of fun playing your own mini match.

RUGBY

I hope everybody has been watching the rugby. The whisperer definitely has!

Mrs Campbell drove John Jefferies to place to place. John Jefferies- or the great white shark as you may know him- used to play for Scotland. But now he is the manager of Scotland rugby union.

Brilliant book reviews!

My sister the vampire

by Sienna Mercer

Reviewed by Charlotte year 6

How would you feel if you went to a new school in a new village and in that day you found out you had a long lost sister?! This is what happens to Olivia Abbott on her first day at Franklin Grove Middle School. Her twin Ivy Vega is very different, Ivy is very gothic like, while Olivia Abbot loves pink and is a cheerleader although Ivy hides a secret but that won't stop them from getting to know each other after all blood is thicker than water and certainly tastier!

My opinion is it's a great series of books that go through lots and lots of drama .I can't say I have read all the books but I really want to . As it says on the blurb it is a killer story to sink your teeth into!

I'd recommend these stories for children who are nine and over because younger children wouldn't get the storyline.
