

How is the decision made about what type and how much support my child will receive?

The class teacher, with the support of the school Senco will collect information and evidence to build an accurate picture of the child's needs. The school provision map will allocate the right level of support and/or intervention for the child and the impact will be monitored. If improvement cannot be seen, then further referrals to external services will be made. Once on the school 'SEN support' register, the Senco will put together a non-statutory my plan for the pupil. This will provide the information for an EHC Plan if one is needed in the future.
