

What is a 'one page profile'?

Any pupil on the school SEN support register will also have a one page profile. This is an A4 document about the pupil; it will highlight the child's likes and dislikes as well as what helps them to learn and the best ways in which to support them. It will also include a recent photograph of the child and will be updated regularly by the child. If your child has a one page profile this will also be shared with you at the first parent's evening each academic year so that your views can also be added to the document.
