

## What support will there be for my child?

We have a range of support available depending on the needs of individuals and/or groups of children. Support can be accessed in 3 levels or 'waves':

Wave 1 - quality first teaching

Wave 2 - a programme of support for a set period of time (usually 6 weeks) to give pupils a boost in a particular area.

Wave 3 - targeted individualised support either one to one with an adult or within a small group.
