

Summer Term 1 Topic Tasks - choose one task to complete over one week, be creative and add your own ideas/style if you wish! ☺

Send photos of completed tasks to Miss Thomas when finished

History-Space

- Create a timeline of the history of the history of space travel.
- Find out about the Moon missions and other famous examples of space exploration.
- Watch the first moon landing.
- Research and write a biography of a famous space explorer for example Valentina Tereshkova or Neil Armstrong.
- Design your own history of the Space race quiz to test your classmates' knowledge!

Computing

- Use Scratch to create your own game.
- Create a behaviour charter for using online communication tools to display on the school website.
- Find out what an algorithm is.
- Act out the Jam Sandwich Robot teacher activity with your family- I will send you the video and is SO MUCH FUN!
- Write your own jam sandwich making algorithm using time phrases to start sentences.

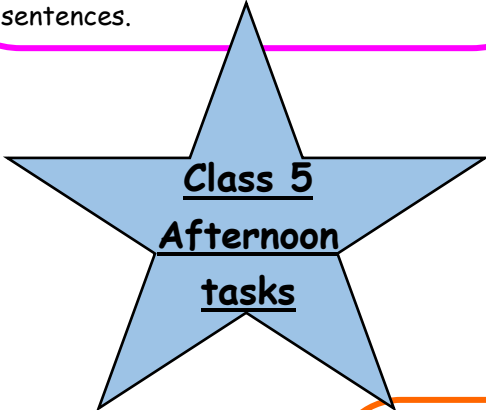

Science

Space

- Create a planet fact book or / circle book researching all the planets in our solar system. You can include the dwarf planet Pluto. I can send the template for the REALLY cool planet circle book.
- Create a model of the solar system.
- Find out about the difference between weight and mass.
- What did Sir Isaac Newton discover?
- Find out about the phases of the moon. Spend a month making a moon diary (draw what the moon looks like every night for a month)
- Learn how many days there are in each month and in a year.
- Explain to an adult how the world orbits and sun and why we have different seasons (linked to the tilt of the Earth)

Geography

Work through the geography booklet to create your own country.

Class 5 Afternoon tasks

RE - Hinduism

- Find out about Brahman and the Trimurti.
- Create a fact file about the three Hindu gods that make up the Trimurti.
- Create a pictorial/ symbol representation of them- think about what their roles in the Trimurti are.
- Have a go at making lemon water. Read the information about how this is used by Hindus to explain where Brahman is.
- What is Atman? Find out what this means for Hindus and think about how this belief might make Hindus treat others around them.
- Draw some of the most important Hindu deities and explain what their roles are.

Life Skills

- Plan, organise and cook a two course meal for your family.
- Pot a plant or seeds.
- Sew a on a button.
- Learn your home address and telephone number.

Art

- Create a model/ papier-mache model of one of the space exploration 'vehicles' eg Saturn Rockets, Sputnik, NASA space shuttle, MIR or the International Space Station.
- Research Peter Thorpe and his abstract space art. Draw a space picture in his style. See the lesson pack.
