

**Pupil Leadership**– children in our school are given progressive responsibilities, all children have the opportunity to develop their leadership skills. We actively encourage children to lead and to initiate leadership and responsibility across the school. Pupil voice is essential and strong within Team AK. We have a very active democratically elected [school council](#) who run their own successful business, a very established [worship council](#) and an [eco-council](#). In addition, we have many examples of pupil leadership including: reading and library leaders; outdoor reflection leaders; IT leaders; sports leaders, subject leaders, play and lunchtime leaders. At lunchtimes, our children run our school office for 30 minutes daily as a development of a wide range of progressive pupil responsibility available within the school. Alongside the formal leadership roles which children apply for, children from across the school organically lead by planning and running their own choice of lunchtime clubs daily in the outdoor classroom 12.45-1.10pm. (e.g. fun club, dinosaurs, nature, German, Maths, quiz, art, nature, history, science, dance, massage, book clubs) On visiting our school, our children will be delighted to tell you about their leadership roles and are regularly initiating further opportunities to lead to further develop themselves and the school.
