

PARENTS VANISH DURING FEROCIOUS STORM

In the late hours of Wednesday 15th August, a tragic event occurred which caused anguish for a young girl. During the devastating event, an innocent, young girl named Zoe Ripclaw got separated from her parents and is now searching desperately for food, water and shelter.

The treacherous flooding

After years and years of appalling flooding, the formidable waters finally took charge last Wednesday. Since then, most residents of Norwich have evacuated their homes and have moved to the main land. However, the chaos struck when the boats leaving Norwich didn't have enough capacity to hold everyone. As a result, many people got left behind including Miss Zoe Ripclaw. Sadly, Zoe isn't the only one to be separated from her beloved parents. Many, many families have been torn apart causing distress and agony for everyone. According to last evening, Zoe Ripclaw, aged 13, was also one of the unfortunate ones. Miss Ripclaw described the moments as being the most horrific and sorrowful moments of her whole life. Norwich resident Anne Gates has said, "How does she survive? I am utterly

shocked with this and I would be most joyous if she got reunited with her parents!"

The story so far

After her parents evacuated from Norwich, Zoe had to rely on herself to survive. Somewhere in the middle of the city, a witness has reported that in a wooden shed, Zoe has discovered an ancient, wooden boat which she has used to travel the hazardous seas all this time! Zoe has told us that she has searched everywhere under the sun to find her parents. In addition to this, Detective Inspector Mr Thomas Cross has said, "I am doing everything I can to help and I really hope that she gets off this stupid 'Eels Island' at some point. "

What can you do to help?

If you have any information of the whereabouts of Mr and Mrs Ripclaw then please let us know.

Also, if you could please start a search party to try and find the 2 missing Ripclaws.

According to our sources, no sightings have been reported so far so it would be great if you could keep an eye out for them. If you are interested, then it would be great if you could check on Miss Ripclaw every Thursday and Tuesday at 8am to 11am.

What is happening now?

Until now, Zoe's parents have had no sightings. Havoc has filled the air and Zoe is stuffed with anxiety: she is traumatized by the events that occurred last week. The authorities have been doing absolutely everything they can to search for her parents but unfortunately have had no luck. E.g search parties have been organized; posters have been displayed; and everyone is using all their time to search for Mr and Mrs Ripclaw.
