

**Core Christian Values for life – “I came that you may have life, life in all its fullness”** (John10:10) we inclusively and actively promote and model Christian values in our school.

We create an environment where children are valued and nurtured as individuals and whose talents are given every opportunity to flourish and where they can learn in an atmosphere of respect with strong positive supportive relationships to enable this to happen.

We want all of our children to experience ‘life in all its fullness’ and through our global education for them to understand both locally and globally how many do not have this experience and how they can be advocates of change to re-address this balance. Our worship council identified 4 core values which our school are known for: friendship, creativity, perseverance and trust. They chose the parable of the paralysed man to illustrate these values in action and have created a central displayed art piece for the school community to reflect on. We have a wall of stars on which children demonstrating these values in their daily life inside or outside school can shine. We look for the impact of the teaching of Christian values upon children and staff in their daily lives. We provide daily worship which focusses through a variety of interactive ways on core Christian values and how we can apply these to lead better lives. We use stories from the Bible to support with this. We enable pupils to lead worship and develop this further in their class worship/ own time. Big questions are used in all classes to assess the impact of worship upon our pupils at the end of each value in focus. Upon visiting the school, visitors comment on the positive impact of the values upon the ethos of the school and it is clearly evident within the strong relationships between pupils, staff, parents and the community of our school.
