Our AK EYFS Vision

Shine Bright and Reach for the Stars

In Reception, we believe every child deserves the very best start to their learning journey. Our vision is to create a nurturing, ambitious and inclusive environment where every child feels safe, valued and ready to learn.

We provide a carefully planned Start to Shine curriculum that builds strong foundations in communication and language, physical development, personal, social and emotional development, early reading, writing, mathematics, understanding the world and creative development. Through a balance of purposeful play, meaningful experiences, skilful adult interactions and explicit teaching, children develop the knowledge, vocabulary, skills and confidence they need to flourish.

We celebrate each child's individuality, interests and starting points, ensuring that every child is supported to make progress and encouraged to become an independent, resilient and curious learner. We work closely with families to help children develop positive relationships, self-regulation, a love of learning and a strong sense of belonging.

In our Reception class, children are encouraged to explore, ask questions, solve problems, express themselves creatively and learn from their experiences. We want every child to recognise their own strengths, believe in their potential and feel proud of what they can achieve.

Together, we help our children to shine bright and reach for the stars.
